	€ 226	€ 2.122
<b>Net result</b>	€ <u><b>925</b></u>	€ <u><b>438</b></u>

### **3. Notes to the annual report**

The 2021 annual report has been compiled by Y. Blanker MSc (Master Finance & Control), the treasurer of Plenty Food NL, based on the available information. The board of Plenty Food International is responsible for the accuracy and completeness of that information and therefore the annual report.

The organisation is currently supervised by the board members: A.P. Smits, S.A. Wietses and J.J.M. Koedam.

#### ***Activities 2021***

Plenty Food International directs its activities towards stimulating a fair food distribution and sovereignty through vegan development cooperation. The emphasis lies on stimulating and supporting organic farming and permaculture. The activities extend from communicating information, organising campaigns, establishing and supporting projects that stimulate food availability in the world.

The year 2021 has been dominated by corona, which has limited Plenty Food's standard activities for obtaining donations and recruiting donors. Due to the imposed restrictions little has been possible in doing activities as well as in the support of projects.

#### ***Accounting principles***

The general basis for the valuation of assets and liabilities, and determining the result is the acquisition price. Unless otherwise stated assets and liabilities are set at nominal values.

Income is accounted for in the year in which it is received.

Expenses are accounted for in the year in which they are foreseeable.

The net result end year is added to the equity of the foundation.

#### 4. Notes to the balance sheet

Amounts in euro per 31-12-2021
